From the author of **'In Search of Captain Zero'** and **'Cosmic Banditos'**, a new book about paradise gained, and lost.

**Can't You Get Along With Anyone? A Writer's Memoir and a Tale of a Lost Surfer's Paradise** is the story of screenwriter, surfer, and critically acclaimed author Allan Weisbecker's end-of-the-road tropical paradise, its underbelly, and his fall from grace

From the book:

*"But Christ I needed a surf.*

*In waiting for a wave, in sitting out there between sets, bad thoughts, obsessive thoughts, will surface, but while actually riding, while standing up and searching for that rhythm, no matter how awful the day I'm having my mind is clean and clear and blank and therefore content. I have never, not ever, had a conscious thought, good, bad or indifferent, while in the act of riding a wave. I needed that purity, that vacuum.*

*For the first time in my life I armed myself for a trip to the beach."*

Advance Praise for **Can't You Get Along With Anyone?**

"As his sanity, health and existence are simultaneously mangled, Weisbecker somehow manages to solve a murder, wrestle the dark side of paradise, and wind up on multiple third world hit lists... Can't You Get Along With Anyone? is a necessity for anyone who believes truth is indeed stranger than fiction... an entrancing, thoughtful and darkly humorous calamity."

\* Surfer Magazine

"Can't You Get Along With Anyone? takes the gloves off and delivers a punch that transcends memoir. It speeds forward like a train wreck of a psychological thriller."

--Eric Blehm, The Last Season (National Outdoor Book Award winner)

"If you're looking for Hunter S. T's and Kerouac's lost cousin, look no further. In terms of brass balls and lunatic schemes filled with desperadoes, delusions, and dirt roads, Weisbecker goes toe-to-toe with Neal Cassidy/Dean Moriarity any day."

\* Jay Sweet, Paste Magazine

"Can't You Get Along With Anyone? Is a vividly confrontational must-read for anyone who has friends in jail or in the movie or record businesses."

- Jimmy Buffett

"...I encourage you to stay (in Central America) until something that resembles death."

- Sean Penn to the author in their last communication
